

# 3M 6098 Respirator Cartridge AXP3 Organic Vapour & Particulates, Pair

## Product Images

## Short Description

3M AXP3\* respirator face mask cartridge for organic vapours (boiling point < 65°C) and particulates.

## Description

---

The 3M AXP3 single use respirator gas filter is suitable for use with 3M 6000/7000 Series Full Face Respirators. Provides protection for people working with highly volatile solvents such as methanol, 1,3-Butadiene or Acetaldehyde in chemical plants, composites manufacturing or coatings. AX filters are suitable for use for a single shift only and must only be used with 3M™ 6000/7000 Series Full Face Respirators. This filter is colour coded white and brown and protects against Single compound organic vapours (boiling point below 65 °C) and particulates.

Features a 3M Bayonet Connection System ensuring precise and secure locking.

### **Protection against:**

- AXP3 protection
- Single compound organic vapours (boiling point below 65 °C)
- Particulates

### **Use with:**

- 3M 6000/7000 Series Full Face Respirators

### **Features:**

- Complies with AS/NZS 1716:2012
  - AX filters are suitable for use for a single shift only
  - Must only be used with 3M™ 6000/7000 Series Full Face Respirators
  - 3M Bayonet Connection System ensures precise and secure locking
  - Low profile and well balanced twin filter design
  - Refer to the technical datasheet for detailed information about the limitations of use and concentration levels
- The 3M™ Cartridge Filters 6000 Series attach to 3M™ Half and Full Face Respirators to provide gas and vapour protection. The 3M™ Particulate Disc Filters 2000 series attach to the 3M™ Half and Full Face Respirators to provide particulate protection. Cartridges & Filters are tested to AS/NZS 1716.

The 3M™ Cartridge Filters 6000 Series attach to 3M™ Half and Full Face Respirators to provide gas and vapour protection. They are lightweight, well balanced when fitted to a mask, provide excellent field of vision as a result of the unique trapezoidal shape and the 3M™ Bayonet Fixing System ensures precise and secure locking. You can also attach 3M Dust/Mist Filter 5125 to your cartridges with the 3M Filter Retainer 501 to add particulate protection. The 3M™ Particulate Disc Filters 2000 series attach to the 3M™ Half and Full Face Respirators to provide particulate protection. They are lightweight, low breathing resistance, give excellent field of vision and the 3M™ Bayonet Fixing System ensures precise and secure locking.
