

3M 8322 P2 Cupped Dust Mask Respirator with Valve, Box of 10

Product Images

Short Description

The disposable valved P2 dust masks from 3M offer protection against hazards, such as dusts, mists, smoke and fumes. Supplied in a box of 10. A soft textured waffle edge that allows workers to adjust the respirator on their face for a secure fit and added comfort.

Description

Proprietary 3M Cool Flow exhalation valve provides a cooler and drier wear by reducing heat and moisture build up on the inside of the respirator. Made from 3M Advanced Electret Filter Material for effective filtration with low breathing resistance, this P2 mask is designed with comfort and fit in mind.

The super soft, cushioned inner lining of the respirator offer workers added comfort. The traditional cupped design is robust for added durability. With a soft textured waffle edge, it allows workers to adjust the respirator on their face for a secure fit and added comfort. This respirator is compatible with other PPE such as eyewear and earplugs.

Suitable for:

- P2 protection
- Dusts, mists, smoke and fumes

Features:

- Proprietary 3M™ Cool Flow™ exhalation valve provides a cooler and drier wear by reducing heat and moisture build up on the inside of the respirator
