Description

3M P2 Particulate Respirator / Dust Mask with Valve. Offers low breathing resistance and a 3M™ Cool Flow™ valve for superior wearer comfort. This valve helps remove heat build up even in hot and humid environments, and provides a cooler and more comfortable wear, and minimises the risk of fogging up eyewear. A sculpted nose panel enables easy fit to a variety of face shapes. This dust mask is latex free and comes folded flat, making it easy to store when not in use. Hygienic individual packaging helps protect the respirator prior to use.

It features low breathing resistance, clear vision and is approved to AS/NZS 1716:2012, protects against dust and other particles.

Suitable for:

- P2 protection
- Dust and other particles

Features:

- P2 Valved
- Suits a variety of face shapes
- Cool and comfortable to wear
- Folds flat for easy storage
- Approved to AS/NZS 1716:2012
- Box of 10 and carton of 12, individually packged for hygiene
