

UVEX PHEOS Safety Glasses - Grey Lens, Green / Black Frame

Product Images

Short Description

High quality UVEX German made safety spectacles offer excellent medium impact eye protection. Fluoro green & black frame with grey lens and anti-fog coating for superior wearer comfort.

Description

The UVEX Pheos feature a duo-spherical lens that offers a wide field of vision and is also scratch-resistant on the outside. The Pheos also features an anti-fog interior thanks to the high-quality UVEX Supravision coating technology. These safety glasses are 100% metal-free making them suitable for certain hazardous environments. A polycarbonate lens offers medium impact protection and the grey lens gives UV protection in the harsh sun.

- Certified to AS/NZS 1337.1 and EN 166 (personal eye protection) and EN 170 (UV-Filters)
- Marked AS / NZS 1337.1 - XIO W 166 F CE - 2C-1,2 W 1 FTKN CE
- Reliable UV 400 protection
- Additional protection due to the bevelled edge in the upper part of the lens
- Comfortable for all day use
- UVEX Supravision excellence coating: anti-fog on the inside, extremely scratch resistant and chemical resistant on the outside
- Soft, non-slip arm ends provide a pressure free fit
- Lightweight with a very large field of vision without frames
- Compatible with other PPE such as helmets and bump caps due to their narrow geometry
