
Bolle Rush+ Platinum Clear Lens Safety Glasses

Product Images

Short Description

Bolle safety specs with clear lens. The Rush Plus range features a sporty design and lightweight construction.

Description

Bolle safety specs with clear lens. The Rush Plus range features a sporty design and ultra lightweight construction with built in brow protection. Featuring Bolle's Platinum coating, it is resistant to fogging and scratching on both sides. An adjustable PVC nosebridge and moulded temple arms provide superior user comfort and grip. This medium to large fitting style of safety glasses is ideal for a wide range of applications that require medium impact protection.

Features:

- Ultra lightweight
- Brow protection
- Platinum high performance anti-fog + anti-scratch coating on both sides
- Adjustable PVC nose bridge
- Co-moulded temple arms
- Medium to large fit
- Approved to AS/NZS 1337.1.2010
- Clear lens
- Sporty red and black frame
