

# Traffic Hazard Ahead (T1-10A) Swing Stand Sign and Frame

## Product Images

## Short Description

900 x 600mm Traffic hazard ahead swing signage. Manufactured with a reflective class 1 finish from aluminium.

Jaybro can customise swing stand signs with your company logo, contact Jaybro for pricing.

## Description

---

900 x 600 mm Portable Traffic Hazard Ahead swing sign and stand. Providing advanced warning to oncoming motorists of changes in traffic conditions during roadworks.

Manufactured from durable aluminium, Jaybro swing stand signs are hard wearing. The class 1 reflective finish and bold text ensure these signs are easily seen.

Swing signs are supplied with a 50mm clearance at the bottom of the sign. Sign frames are galvanised and powder coated.

Swing Stands are easy to erect and compact to transport. Ideal for short term works. Stands and Signs are available single or double sided and come pre-assembled ready for use.
