

Regulatory Sign - R2-10A Give Way To Pedestrians 600 x 600 mm

Product Images

Short Description

Aluminium Class 1 reflective give way to pedestrians sign (R2-10). This sign measures 600 x 600 mm and is designed to alert motorists of potential pedestrian foot traffic crossing their path.

Description

Regulatory signs inform road users of traffic laws or regulations which, if disregarded, is an offence. They are normally placed at the point or beginning of the section where the regulation applies.

However, in this case according to www.rms.nsw.gov.au Pedestrian sign R2-10 is not a regulatory sign. Even though this sign has a regulatory sign number(R2-10) this sign cannot be legally enforced and is an advisory sign only.

The use of this sign is purely to alert motorists in situations where drivers of vehicles may be unaware of the presence of pedestrians crossing their path in the same signal phase.
