## Description

---

Active Force MP Eco Cleanser is a 100% Biodegradable hand soap cleaner that is skin-friendly and pH balanced. With no titanium dioxide or solvents, its heavy-duty formula cleans effectively using nut-free olive core scrubbers. This hand cleaner is ideal for industrial applications where tough dirt, grease and grime is part of the job. Features 100% recyclable packaging and is micro-bead free.

This hand cleaner contains the highest quality ingredients and is designed to work quickly, completely removing stubborn dirt with only one washing. It is a combination of detergent blend, all natural olive core scrubbers and conditioners that remove dirt without damaging the skin. Olive core scrubbers are a natural resource, 100% renewable and biodegradable. Matching the pH of the skin, the Active Force MP Eco product helps to maintain skin health. It does not contain solvents which are a common cause of workplace dermatitis.

**Features:**

- Solvent Free, no titanium dioxide
- Heavy duty cleaning
- All Natural olive core scrubbers (nut – free)
- Skin friendly, pH balanced
- 100% biodegradable
- Recyclable Packaging
- Silicone free
- 2000ml cartridge soft bottle
