## Short Description

---

Black water resistant full grain leather lace up safety boot with padded collar. GRIPthane® dual density polyurethane sole. Available in sizes: 4 – 13, 6H – 10H

## Description

---

The WB34 series update has raised the bar in durable, lightweight work boot design. Oliver's new hiker style, zip side ankle boot is made from water resistant leather and features the latest in technology and innovation. With the addition of the premium TECTuff® toe bumper, protection and value have never looked so good. So, you might be working hard, but you'll feel like you're walking on air. Features include:

- Water resistant leather
- Full lining infused with eco-friendly Odorban® Control Technology to absorb odour for optimum freshness and hygiene
- COMFORTcushion® Impact Absorption System uses a combination of cellular urethane and PORON® Shock absorbing Polyurethane midsole support
- NATUREform® Type 1 Toe Cap
- Wider profile for greater comfort
- GRIPthane® tread pattern for greater traction and heat resistant to 130°C.
- Complies with AS/NZS 2210.3:2009
- EN ISO 20345:2011
- ASTM F2413-11

COMFORTcushion® Impact Absorption provides superior cushioning and shock absorption helping to reduce foot, leg and back fatigue.

The NATUREform Type 1 Toe Cap oliver cap has a wide profile to suit your foot and is added with a latex cushion liner to ensure the toes are comfortable and not in contact with the cap. Caps are tested to a force of 200 Joule in accordance with the Australian Standard AS/NZS2210.3.

The sole has excellent cut resistance and resists cut growth cause by small cuts opening up as a result of normal sole flexing when walking.

Electrical Hazard (EH) Protection reduces the danger of accidental contact with live electrical circuits in accordance with ASTM F2413-1.
