**Why choose Sidchrome?**

The brand Sidchrome is recognised as the brand of choice for sockets, spanners and wrenches. Manufactured to meet and exceed international quality standards.

Sidchrome has been an icon brand in the Australian & New Zealand tool industry since the early 1940's. The preferred brand among mechanics and other trades; known for quality.

Sidchrome has built their reputation by supplying the industry with quality products, that last. Jaybro stocks and supplies a wide range of Sidchrome products to service the civil and construction industry.
