

55L Portable Eyewash Station

Product Images

Short Description

A secure eyewash station for use where plumbed water is not available. Size: 572H x 546W x 495D mm, Capacity: 55L. Turns on automatically when the tray is pulled down.

Description

This portable eyewash unit is a secure and cost effective solution for an eyewash station where plumbed water is not available. Ensure you are providing your employees with the best initial first aid treatment for chemical burns and injuries by having an eyewash facility available on site. Comes with 4 bottle of SE4764 Water Preservative.

Jaybro also has signs available for sale online, to indicate 'emergency eyewash' and 'emergency shower' areas.

Features:

- Pull down tray to turn on
- Built in pinch valve to ensure positive water flow within one second of activation
- Capacity: 55L
- Type: Portable
- Dimension (mm): 530L x 495W x 600 H
- Material of Construction: Polyethylene
- Australian Standard: AS4775 & ANSI Z358.1
