

Powers 10 x 100 mm Hex Head Zinc Sleeve Anchor for masonry work

Product Images

Short Description

50 pack of Powers 10 x 100 mm Hex Head Zinc Sleeve Anchor for masonry work

Description

Powers 10 x 100 mm Hex Nut Zinc Sleeve Anchor for masonry work. This torque tighten sleeve anchor is a pre-assembled heavy duty carbon steel unit. Designed with a commonly sized Hex head nut, when tightened pulls the cone shaped base in to the anchor sleeve.

The diameter of this sleeve anchor bolt is the same as that for the hole. This Anchor bolt also features precision stamped tubular expansion sleeve which can be used in concrete, block, brick, and stone.
