

FortiAnchor 7.2v Li-ion Cordless Epoxy Applicator Gun 3:1

Product Images

Short Description

FortiAnchor Cordless Epoxy Applicator suits 3:1 cartridges. Powerful operation reduces user fatigue.

Description

The FortiAnchor cordless powered epoxy applicator gun suits substances such as FortiAnchor Epoxy Anchor. This cordless epoxy gun features convenient and powerful operation, reducing user fatigue. It delivers up to 600kg of thrust, helping to drive high-viscosity loads. It is ideal for epoxy cartridges such as FortiAnchor FAE400 epoxy anchor in a 3:1 ratio. A set-and-forget variable speed control offers consistent flow rates and excellent bead control.

- Compact and lightweight
- Variable speed trigger
- Top speed dial
- Voltage: 7.2V Li-ion battery
- Max thrust: 600kgf ± 60
- Load speed: 4.0mm/second
