

Flextool Portavibe Concrete Vibrator GX35 Honda

Product Images

Short Description

Flextool Portavibe Concrete Vibrator with GX35 Honda engine. Ideal for vibrating slabs, footings, stairways and footpaths, this concrete vibrator is lightweight yet powerful.

Description

The FlextoolPortaVibe concrete vibrator provides the solution to vibrating concrete with an easy to use portable unit. There is no need for electricity supply or separate drive units. The Honda four stroke motor provides hassle free operation and in comparison to a two-stroke motor uses less fuel, has reduced engine emissions and no need for mixed fuel. The unit is light and balanced, and is fitted with an adjustable handle and carry strap for user comfort and complete control

Features:

- For vibrating slabs, footings, stairways and footpaths
- A convenient on/off switch and throttle control built into the handle
- 4-stroke motor uses less fuel than 2-stroke
- Light and balanced for operator comfort
- Adjustable handle and carry strap
- No need for electricity supply or separate drive units
- Honda GX35 1.5HP engine
- Flexshaft length 540mm
- Vibrator head diameter 44mm

The Flextool Promise:

If the unexpected happens and something goes wrong with your Flextool equipment within the first 12 months of purchase, Flextool will arrange a loan machine for 2 days, free of charge, so you can get the job done. If a Flextool product breaks down on site, get in touch with Flextool customer service for assistance with arranging a loan machine through your local hire partner.
