

Karcher NT 65/2 Tact 2 Wet & Dry Vacuum Cleaner

Product Images

Short Description

Karcher Wet & Dry Vacuum Cleaner. The Kärcher Tact² systems are ever popular as specialist systems and as all-rounders thanks to their high level of mobility and excellent performance, their solid construction and their wide range of practical design features. Tackles even large amounts of fine dust.

Description

The Karcher Tact 2 wet and dry vacuum system has a high level of mobility and excellent performance, combined with solid construction and a wide range of practical design features. The NT 65/2 Tact² is supplied with the entire antistatic package as standard, and the system tackles even large amounts of fine dust.

With two motors, the Tact² boasts consistently high suction power, and with its enhanced filter life, you can virtually forget about having to change the filter. Kärcher NT vacuums with Tact² are complete systems that are not only excellent at removing large amounts of fine dust but can also tackle dirt, debris and water.

The various options in this vacuum range means that it can provide the ideal solution, whatever the application and wherever consistently high suction power is needed – whether on building sites, in the food sector, the automotive industry or in industry in general.

Features:

- Adjustable push handle and large wheels make transport easy even on uneven surfaces
- Smart accessory storage - the floor tool can be quickly fixed any way round
- Automatic Filter Cleaning System - a divided flat pleated filter is cleaned by air blasts and can be removed from the clean side
- Fine dusts cannot block the filter and a constant high air flow is maintained
- On-board practical storage for tools, small items and bottles
