

# Makita Mobile Brushless 24mm SDS Plus Rotary Hammer

## Product Images

## Short Description

---

Rotary Hammer from Makita Li-Ion features 3 Mode operation: Hammer only, rotation only, rotation & hammer.

## Description

---

The Makita 18V Brushless SDS Plus Rotary Hammer has 3 modes of operation for different applications: hammering, rotation, and rotation + hammer. A quick change chuck for masonry and steel bits makes light work of changing tools, and with 2 joules of impact energy this rotary hammer is ideal for concrete and construction professionals. It's unique rubber joint suppresses vibration, for protection of the battery. Supplied with a quick change drill chuck, grip assembly and depth gauge.

### Specifications:

- Model Number DHR243Z

### Features:

- 3 Mode operation: Hammer only, rotation only, rotation & hammer
- Quick change chuck between masonry & steel bits
- 2.0j of impact energy
- Unique rubber joint suppresses vibration to battery
- Impact energy 2.0j
- Impact Rate 0 - 4,700ipm
- Max. drilling capacities in masonry 24mm; steel 13mm; wood 27mm
- No Load Speed 0 - 950rpm
- Length 353mm
- Vibration per min 13.0m/s<sup>2</sup>
- Voltage 18V
- Weight (with battery) 3.3kg

## Additional Information

---

CODE	41-DHR243Z
U.O.M	Each
Brand	Makita
Cord Type	Cordless
Voltage Rating	18 V
No Load Speed	0 - 950rpm
Fastens Materials Up To	24mm in masonry 13mm in steel 27mm in wood
