

Makita 9" Angle Grinder 2400W 230 mm

Product Images

Short Description

Makita heavy duty 9-inch angle grinder, featuring a heavy-duty 2,400W motor. Long regarded as the brand of choice, Makita has built a reputation for supplying quality power tools. Designed to suit the needs of civil contractors, concreters, engineers and metal fabricators, this Makita GA9030X05 9" angle grinder is a heavy duty unit designed for industrial applications. Supplied with lock nut wrench, AVT side grip, lock nut, inner flange and grinding wheel guard.

Description

The Makita heavy duty 9" angle grinder features a 2400W motor and is designed to suit the needs of civil contractors, concreters, engineers and metal fabricators. The Makita 9" angle grinder also has a torque limiter to protect the lock nut from overtightening during start up. The dust resistant casing ensures the gears, bearings and coils are protected from dust and dirt, with the gear housing featuring a shaft lock mechanism which prevents the gears from being accidentally locked.

A low vibration soft grip handle gives the operator comfort and control, and can be rotated to suit your cutting and grinding jobs. The Makita grinder weighs 5 kilograms making it comfortable enough for extended use. The bearing box has been redesigned for enhanced protection against grease leakage.

Features:

- Heavy duty 2400 Watt motor
- Torque limiter
- Low vibration rear handle
- Rotating rear handle
- Tough and durable internal parts
- Protective zigzag varnish on armature coil
- Powder coating on field coil
- Bearing-protective labyrinth construction

Specifications:

- Model Number GA9030X05
- Continuous Rating Input 2400W
- Overall length 511 mm
- Hole diameter 22.2 mm
- Spindle thread M14 x 2
- Maximum wheel size 230 mm (9")
- Weighs 5 kg
- No load speed 6600 RPM
- Vibration suppression grip 2 metre power supply cord

Included:

- 1 x Lock nut wrench
- 1 x AVT Side grip
- 1 x Lock Nut 45mm (M14 x 2)
- 1 x Inner Flange for Depressed Centre Grinding 102mm
- 1 x Grinding Wheel Guard

Additional Information

CODE	41-GA9030X05
U.O.M	Each
Features	Rotatable rear handle
Power Rating	2400W
Resists	Dust & Debris (anti-dust design)
Package Quantity	1
Brand	Makita
Diameter	230 mm
Cord Type	Corded
Voltage Rating	240 V
No Load Speed	6600 RPM
