

Makita 9 1/4" Circular Saw 2000W 235 mm

Product Images

Short Description

The Makita N5900B circular saw is a heavy duty corded saw designed for industrial applications. This powerhouse circular saw is ideal for ripping and cross-cutting in a range of timbers. With a grunty 2000W motor, it features a specially designed handle for ease of use.

Description

The Makita 9 1/4" circular saw has a maximum cutting capacity of 85mm with bevel capacity of up to 50

degrees, making it a versatile and heavy duty addition to the toolbox. A powerful 2,000 watt motor cuts through any hard or soft wood, and the durable steel base plate extends the life of the tool. A user friendly cutting window and blower function to easily follow your cut line make this Makita circular saw a must for all kinds of ripping and cross cutting applications.

Features:

- Powerful 2,000W motor engineered to handle soft and hardwoods applications
- Repositioned fan vent that blows dust and debris for a cleaner cutting line
- An excellent saw for ripping and crosscut, in everything from ply to hardwood

Specifications:

- Model Number N5900B
- Blade Diameter 235 mm / 9 1/4"
- Bore Diameter 25 mm
- Continuous Rating Input: 2,000 W
- Max Cutting Capacity at 45 Degrees: 60 mm, 90 Degrees: 85 mm
- No Load Speed: 4100 RPM
- Overall Length: 380 mm
- Weighs 7 kg
- Power Supply Cord: 2 m

Included:

- 1 x TCT saw blades 235mm
- 1 X guide rule
- 1 X wrench 13

Additional Information

CODE	41-N5900B
U.O.M	Each
Features	Flat-end motor housing for easy blade changes
Power Rating	2000W
Package Quantity	1
Brand	Makita
Cord Type	Corded
Voltage Rating	240 V
No Load Speed	4100 RPM
