

Milwaukee® M18™ Six Pack Sequential Charger

Product Images

Short Description

6 bay unit charges Milwaukee M18™ compact batteries in 30 minutes and extended capacity (XC) batteries in 60 minutes.

Description

The Milwaukee® M18™ Six Pack Sequential Charger offers a compact design, integrated hang holes for vertical mounting, and a pass through plug to conserve outlet space. The unit charges M18™ compact batteries in 30 minutes and extended capacity (XC) batteries in 60 minutes. With this six pack charger, users can reduce the amount of time spent changing out batteries, increasing productivity on the jobsite. It is compatible with the Milwaukee M18™ system.

The Milwaukee M18 System

The M18 cordless system represents the ultimate synergy of professional grade power, light weight, extreme performance and superior ergonomics. These tools combine patented technologies, innovative motors and advanced electronics powered by Redlithium battery technology for unmatched runtime. Offering more than 100 unique solutions, the M18 family is the fastest growing 18V cordless system on the market.

Compatibility:

- Compatible with Milwaukee M18 cordless range

Features:

- Reduce downtime, increase productivity
- Charges up to six batteries sequentially
- Convenient carrying handle
- Isolating switch
- Compact size

Specifications:

- Model Number M1418C6
- Voltage 18V
- Weighs 1.7kg

Included:

- (1) M18™ Six Pack Sequential Charger. Batteries NOT included.
