The M18 FUEL™ 135 - 150mm (5-3/8" – 5-7/8") Metal Saw delivers fast cuts with the long tool life - up to 370 cuts in 19mm (3/4") EMT. This compact and lightweight metal cutting saw utilises a POWERSTATE™ Brushless Motor with 3,900 RPM to deliver the fastest cutting speeds and longest tool life.

The metal saw also features REDLINK PLUS™ Intelligence cordless power tool electronics. The M18™ REDLITHIUM-ION™ 5.0Ah Battery Pack delivers up to 370 cuts in 19mm (3/4") EMT which is 1 cut per minute for over 6 hours straight.

The Milwaukee M18 FUEL™ Metal Saw features a compact, low-profile design for easy handling and increased control. At only 2.2kg, this lightweight circular metal saw delivers easier overhead cuts and less user fatigue. The new saw offers an integrated hang hook that allows for easy storage while the tool is not in use. The extra-large cut guide, impact resistant window and LED light ensure superior line of site and the stainless steel shoe reduces chip build-up to prevent surface marring. Features a 30T Carbide-Tipped Metal Saw Blade for cool, burr-free cuts through EMT, strut, threaded rod, sheet metal, angle iron and other ferrous materials.
