

Drill Set Metric 25 piece

Product Images

Short Description

25 piece metric drill bit set, 1mm - 13mm bits in a carry box.

Description

This high strength steel drill bit set features all the bits you need for everyday fixing jobs in a convenient carry box. Featuring 25 of the most common general purpose metric bits, this 25 piece twist drill bit set is titanium nitride coated for strength and longevity.

This metric drill bit set comes with 25 bits ranging from 1mm through to 13mm in metric increments. These precision drill bits are ideal for general, broad applications, and feature a highly precise tip for fast, precision drilling.

- High speed steel construction
- 25 titanium-coated nitride drill bits
- Sizes from 1mm to 13mm diameter
- Titanium nitride coating reduces friction and withstands heat, for longer life and sharper action
- The twist profile split point tip starts drilling immediately and helps eliminate bit walking
- Metric increments
- Rugged plastic case that protects the kit if dropped
