

Milwaukee M18 FUEL™ ONE-KEY™ 1/4" HEX Impact Driver, Skin Only

Product Images

Short Description

Milwaukee Hex Impact Driver comes with belt clip and bit holder. Battery and charger sold separately.

Description

The Milwaukee® M18 FUEL™ 1/4" Hex Impact Driver features a POWERSTATE™ Brushless Motor that delivers 0-3,600 RPM and 226Nm of fastening torque with constant power output under heavy load to drive screws faster.

REDLINK PLUS™ Intelligence is the most advanced electronic system on the market, preventing damage to the tool and battery caused by overloading or overheating. REDLITHIUM-ION™ Batteries deliver more work per charge and more work over the life of the pack than competitive batteries on the market.

Compatible with ONE-KEY™, this is the industry's first Impact Driver that wirelessly connects to a smart phone to customise, track and manage a tool's performance and location. Unlimited Tool Customization allows you to connect to the tool and access predetermined set-ups for specific fasteners and materials, or have complete control over output speed and power for the specific application at hand. The tool's memory supports up to 4 custom profiles that can be easily accessed with the touch of a button on the tool. The app will automatically keep records of the last time a tool was within range of the app, allowing you to pinpoint missing tools quicker and increase accountability of your crew. If you're having trouble locating a lost tool, expand your search with the help of anybody with the ONE-KEY™ app. By opting in, when any phone with the app comes within 30m of your tool, you will receive an updated location.

The Milwaukee M18 System

The M18 cordless system represents the ultimate synergy of professional grade power, light weight, extreme performance and superior ergonomics. These tools combine patented technologies, innovative motors and advanced electronics powered by Redlithium battery technology for unmatched runtime. Offering more than

100 unique solutions, the M18 family is the fastest growing 18V cordless system on the market.

Compatibility:

- Compatible with Milwaukee M18 cordless range

Features:

- Easily toggle between up to four custom performance profiles that can be saved to the memory of the tool
- Deliver 226Nm of fastening torque for faster driving speeds
- Prevents damage to the tool and battery due to overloading or overheating
- Deliver more work per charge and more work over the life of the battery

Specifications:

- Model Number M18ONEID2-0
- Voltage 18V
- ONE-KEY Enabled
- 0-4,300 IPM
- 0-3,600 RPM
- 4-Mode Customisable Drive Control
- Length 117mm
- Weighs 1kg
- Peak Torque 226Nm
- 1/4" Hex Chuck

Included:

- (1) M18 FUEL™ ONE-KEY™ 1/4" HEX Impact Driver, Skin Only (M18ONEID2-0)
- (1) Belt Clip
- (1) Bit Holder
- Battery and Charger Sold Separately
