Product Images

Short Description

Milwaukee M18 FUEL ONE-KEY 2 Piece Power Pack 2A2, contains 13mm Hammer Drill / Driver, 1/4" Hex Impact Driver, 2 x 5amp lithium ion batteries, M18 & M12 Rapid Charger and 2Ah compact battery pack.

Description

The Milwaukee® M18 FUEL™ ONE-KEY™ Power Pack 2A2 includes the M18 FUEL™ 13mm Hammer Drill with ONE-KEY™ and the M18 FUEL™ 1/4" Hex Impact Driver.

The Hammer Drill / Driver delivers 135Nm of peak torque and up to 2000 RPM for faster drilling speeds. The M18 FUEL™ range features the most advanced cordless technology available; a POWERSTATE™ Brushless Motor, REDLINK PLUS™ Electronic Intelligence and REDLITHIUM™ Battery Technology, resulting in longer motor life, more run time and more power.

ONE-KEY™ Wireless Customisation

Both tools are ONE-KEY™ enabled, allowing users to wirelessly connect to the tool with a smart phone to provide unlimited customization and control of the tool's performance. The ONE-KEY™ mobile app features pre-determined setups for specific fasteners and materials, or provides complete control over output speed and power to customize the tool for the specific application at hand.

Once the desired output performance is reached, the custom profile is then saved to the memory of the tool and the connection to the smart phone is no longer necessary. The tool's memory supports up to 4 custom profiles that can be easily accessed with the touch of a button on the tool. Your custom profiles are also saved in the cloud so that they can be accessed at any time.
