

Stabila Type 70 T Torpedo Spirit Level

Product Images

Short Description

Stabila Type 70 T Spirit Level - 25cm compact design for easy fitting in your tool box. The compact design of the 70 T is an ideal tool for levelling in confined spaces.

Description

This light and versatile level is an invaluable part of any tool box. The compact design of the 70 T is an ideal tool for levelling in confined spaces. Because of its size it fits into a side pocket of any trade trousers, so it can be with you at all times. As with all STABILA levels the vial is precisely aligned with the measuring surface then locked together ensuring long life accuracy.

Features:

- Comfortably light aluminium rectangular profile
- Compact design – ideal for applications in cramped conditions

- Coated measuring surface protects delicate surfaces
- Easy to clean thanks to the smooth sides and electrostatic powder coating
- Plastic end caps protect the profile against impact
- Stabilia installation technology ensures long-term accuracy – measuring accuracy in normal position of ± 0.5 mm/m
- Equipment: 1 horizontal vial, 1 vertical vial, 1 coated measuring surface
