

Milwaukee M18™ Job Site Portable Radio, Skin Only

Product Images

Short Description

Milwaukee 18V portable job site radio can be used with Milwaukee M18 batteries or AC power. Battery and charger sold separately.

Description

The Milwaukee® Job Site Radio features a high-performance audio system and rugged design. The M18™ Jobsite Radio is built to amplify and survive the jobsite. Dual speakers and passive radiators combine to produce sharp highs, rich mids, and deep bass at all volumes. Durable metal speaker grills and shock absorbing end caps protect from drops and other harmful jobsite conditions while integrated handles allow for easy transport and storage.

Listening options include a digital processor with best-in-class reception and signal clarity or a 3.5mm aux jack for wired playback. A weather-sealed auxiliary compartment protects devices and houses a 2.1A USB charging port. The M18™ Jobsite Radio is powered by all M18™ REDLITHIUM™ Batteries or A/C power.

The Milwaukee M18 System

The M18 cordless system represents the ultimate synergy of professional grade power, light weight, extreme performance and superior ergonomics. These tools combine patented technologies, innovative motors and advanced electronics powered by Redlithium battery technology for unmatched runtime. Offering more than

100 unique solutions, the M18 family is the fastest growing 18V cordless system on the market.
