Made in Germany and manufactured with a robust head and durable shaft. Delivering low vibration performance for minimal operator fatigue.

Choose your required size from the drop-down menu below.

Description

SDS Plus 2 Cut Drill Bits

Milwaukee SDS Plus drill bits are designed for faster drilling speeds. Quality German made tools that stand up to harsh conditions, whilst delivering operator efficiency.

A centring tip allows for exact spot drilling with pin point accuracy, preventing slipping and skidding on smooth surfaces.

Features:

- Aggressive power breakers

- Enlarged rebar chamfers
- Tapered shoulder design
- Reinforced flute design
- Lower vibration & exceptional break resistance

Ideal for:

- Industrial masonry work
