# Sign Bracket - 3-Way Street Blade 200mm

## Product Images

---

## Short Description

---

This galvanised sign bracket makes it easy to fit 3 street name signs on one pole such as at T-intersections. Consisting of a 200 mm collar and fixings to suit a regular street sign pole, this bracket enables you to fit standard street signs quickly and easily.

## Description

---

Jaybro's range of galvanised street sign products includes a wide selection of poles and brackets, making it easy to fix street name signs in whatever configuration is required. This 3-way bracket consisting of a collar and screws to suit any standard street pole, including Jaybro's range of sign posts.

At 200 mm long this bracket makes it easy to fit 200 mm high street name signs using 2 fixings per sign. A 150 mm option is also available for street name blade signs with a smaller height. Jaybro carries a full range of sign products including 1 and 2-way street name sign brackets, and specialised brackets to suit curved and flat telegraph pole surfaces.
