
Street Blade - Telegraph Pole Sign Bracket 200mm

Product Images

Short Description

Street sign blade bracket to suit telegraph pole, 200mm

Description

Galvanised Telegraph Pole Sign Bracket 200mm. Street sign bracket for power poles or utility poles. This strong galvanized sign bracket is suitable for street name blade signs measuring 200 mm high. The street sign bracket for telegraph poles is easily fixed to wood using tec screws or similar fasteners. The sign blade simply slots into the bracket and is held in place with two screws.

Jaybro stocks a wide range of street sign brackets, poles, clamps and accessories.
