

# Fuel Container ID Tags 10 pack

## Product Images

## Short Description

---

Colours: Brown - Diesel, Red - Unleaded, Yellow - 2 Stroke. Choose from the options below.

## Description

---

Heavy Duty Locking Tag resistant to fuels and oils supplied in packs of 10. These simple plastic locking tags are ideal for labelling jerry cans and other similar containers full of fuel, diesel, unleaded or two stroke. The cable one way click through locking tag ensures that fuel containers are clearly marked and that the contents are not mistaken for the wrong type of fuel.

Available in brown to suit diesel containers, Red to suit unleaded, and yellow to suit two stroke. Colour coding ensures easy identification of each type of fuel. Supplied in a pack of 10. Jaybro also supplies mixed packs of different tags.
