

Size C | Portable Arrow Board with 17 Lamps

Product Images

Short Description

Portable traffic control arrow board with 15 lamps on the front and two on the rear. Measures 2400 x 1200 mm.

Description

This portable traffic control arrow board features 17 amber LED lamps - 15 lamps on the front and two on the rear. Measuring 2400 x 1200 mm it is ideal for traffic control and management operations where the arrow board needs to be moved around and not mounted on a truck or ute.

This LED arrow board is made from sturdy yet lightweight aluminium and has 12V DC power input. An auto dimming feature ensures power consumption is moderated when necessary.

The Opttraffic range of LED arrow boards is ideal for traffic controllers, road works, workers conducting projects along the verge of a road and more.

Features:

- 2400 mm long x 1200 mm high
- 17 high efficiency LED lamps
- Aluminium construction
- 12V DC power input
