Product Images

Short Description

Heavy duty tamper-proof lockable cage for storage of up to 24 x 9kg BBQ gas bottles, or 12 x 18kg forklift gas bottles. WLL 500kg. Cage weighs 200kg.

Description

This large gas cylinder storage cage is a heavy duty lockable cage ideally suited for storage of up to 24 x 9kg BBQ gas bottles. Supplied fully assembled the bolted centre shelf and vertical supports can be removed for storage of up to 12 x forklift gas cylinders. This site storage cage is also suitable for other uses where easy access and excellent security is critical. It features a tamper proof lock guard and tamper proof hinges for security and peace of mind.

This wide gas bottle storage cage is ideal for large sites where welding gas, forklift gas and other similar materials need to be stored safely and securely. Ensure you are meeting your regulatory requirements and keeping workers safe on site with this gas bottle cage.

Features:

- Stores up to 24 x 9kg small gas bottles (when using shelf)
- Stores up to 12 x 18kg forklift gas bottles when mid shelf is excluded
- Working Load Limit (WLL) 500kg
- Overall dimensions 2040 x 760 x 1285mm
- Weighs 200kg
- Tamper-proof lock guard prevents cutting of the padlock by bolt cutters
- Anti-tamper gate hinges
- Sturdy construction with bump rails to protect the cage's mesh sides
- Stack 3 high when empty (2 high when fully loaded)
- Sheet metal shelves allow easy sliding of cylinders to the back of the cage
- Sheet metal roof provides weather protection
- Forklift provision is provided under the cage for transport around the worksite
- Zinc finish for long life corrosion protection
