# Stirrup Bracket for 65mm Nominal Bore Sign Posts

## Product Images

---

## Short Description

---

Stirrup sign bracket, to suit 65mm nominal bore posts. Use with railed and type 2A modulink signs.

## Description

---

This two piece bracket is designed for mounting railed signs on round poles or posts. Suits both Type 1 & Type 2 railed signs. This galvanized stirrup bracket comes complete with standard fittings. Stirrup two piece brackets for signs are suitable for 65 mm NB posts and are commonly used in conjunction with NSW style ribbing (bracing) on braced signs.
