Swivel Top Assembly To Suit A Frame Stan

## Description

---

- Assembled in place and all components are under 20kg, which means fast installation on your site with no injuries
- Barriers are tough, which means once purchased they will last multiple projects saving you money
- 5.8 metre lengths enable barriers to be rapidly deployed, saving time and money on site.
- Shipped in kit form saving space in transport, which means we can ship large quantities efficiently
- Provide excellent stability and protection for your pedestrians.
- Swivel top attachment rotates 360° degrees allowing to create bends or cross section configurations with the barrier
- Tube Length: 5.85m
- Tube Diameter: 42mm
