

20' Dangerous Goods Storage Container, holds 8 IBCs

Product Images

Short Description

Durable outdoor flammable liquid storage unit, provides 8000L storage configured as 8 IBCs.

Description

Outdoor chemical storage containers are extremely durable, relocatable and compatible with dangerous goods and materials. With a maximum capacity of 8000 Litres, this unit provides ample space to house a range of hazardous materials in an outdoor environment. Key features include the cyclonic proof foundation, appropriate ventilation, earth stake mounting and legally compliant signage.

Features:

- Side opening bi-fold doors on one side of container
- Cambered roof for rainwater run-off
- Doors which fold back 270 degrees for ease of access and forklift loading and unloading pallets
- ISO locking bars for high security
- Ventilators to suit AS 1940-2004
- Appropriate warning and safety signage
- Lifting lugs, forklift channels and locating plates
- Finished in high build 2-Pack Polyurethane primer and high gloss topcoat, total build thickness minimum of 120 microns (Standard colour RAL 5012 - blue)
- Cyclonic proof construction
- Engineered footing details
- Earth stake and mounting
- Fibreglass grated flooring

Specifications:

- Dimensions 2896mm high x 6058mm wide x 2438mm deep
- Suits 8 IBCs
- 4240L Sump Cap
