

Stainless Steel Hand Brake Material Rated Winch 18m Galvanized

Product Images

Short Description

Stainless Steel Hand Brake Material Rated Winch, with female interface bracket with 18mm x 6mm HDG (hot dip galvanized) wire rope. Also available with stainless steel rope. Compatible with davit bases and accessories from the Pro-3 range.

Description

Stainless steel handbrake material rated winches have a compact design and require minimal operator effort. Made from 304 Stainless Steel with an ergonomic handle, they are ideal for winching material up to 140kg. The winch is supplied with 18m x 6mm 7x19 H.D.G Grade G2070 Wire rope, and a powdercoated self-locking hook. The fully enclosed gear train and double pawl safety feature ensure safety and longevity on site.

Compatible with davits from the Pro-3 range, this modular system enables you to select davits, bases, brackets and other accessories to build your own customised unit suitable for your application. Manufactured & Tested to AS/NZS5532-2013.
