

Pipe Marker Labels, 10 pack - Custom Printed to Order

Product Images

Short Description

Custom made pipe markers for steam, air, oils, water, gas and more. Supplied in a pack of 10 labels. Please contact our friendly team for more information.

Description

Pipe Marker labels successfully identify the contents and flow of pipes allowing workers to safety trace process problems and get production back in the line faster. All Jaybro pipe markers come in a pack of 10 and are custom printed to your needs - please get in touch for more details.

Sample of pipe marker labels available:

- Oils
- Acid
- Steam
- Miscellaneous
- Gases
- Water
- Air
- Fire

These pipe marker labels can also be used in conjunction with our supplementary Safety Markers where additional information about the contents of a pipe is required.

Pipe markers are to be located adjacent to valves, junctions, bulkheads, service appliances & wall penetrations. Markers should be spaced no more than 8 metres apart except for long, uninterrupted straight runs of external services where spacing shall not exceed 50 metres.

Pipe Marker Size to Pipe Size Legend:

- Pipe marker label size 57 x 475mm = Pipe outside diameter > 70mm
- Pipe marker label size 31 x 475mm = Pipe outside diameter 40 to 70mm
- Pipe marker label size 10 x 100mm = Pipe outside diameter < 40mm
