# Connolly Safety Cap Fits 12-20mm Posts/Bars, Pack of 50

## Product Images

---

## Short Description

---

Connolly Safety Caps for Reo Bars and Pickets. These bright green picket caps absorb impact, and help to minimise risk and injuries on construction sites. Supplied in a bag of 50.

## Description

---

The Connolly safety Cushion Cap is designed to protect pickets and posts from workplace accidents, and additionally, absorb impact unlike any other safety cap.

Made from polypropylene, these small caps fit bars from 12mm up to 20mm, and large caps fit bars 20mm up to 33mm as well as star pickets. Available in green.

**Features:**

- Designed to reduce the risk on injury on site
- Made from recycled plastic
- Concave top design aids in displacement of impact
- Supporting internal web design minimises injury by absorbing impact
- Supporting external fins also deflect and collapse on impact thereby again absorbing impact
- Injection moulded for accurate tolerances and consistency
- Inexpensive and reusable
- Small Caps fit bars from 12mm up to 20mm
- Colour & strength of caps not degraded by UV exposure
