

Cast Concrete Spacers Round with wire 100mm, 30 pack

Product Images

Short Description

Max Frank Round Concrete Spacers for maintaining accurate concrete cover. Round with wire 100mm, 30 pack.

Description

Max Frank Round Spacers are ideal for concrete applications that require precision load transfer. They have a high compressive strength, and present no deformation in heat or cold. Concrete cover is accurately maintained when using these round spacers, that remain in position during formwork erection and concreting.

Ideal for impermeable concrete, Max Frank round spacers guarantee no hairline cracks between the spacer and the concrete. Made from rounded cast concrete with wire they are available in 20mm up to 100mm sizes.

Features:

- High compressive strength, no deformation in heat or cold, concrete cover accurately maintained
- Spacers remain in position during formwork erection and concreting
- Ideal for impermeable concrete, no hairline cracks between the spacer and the concrete
- Cast concrete with wire
- Shape: Round

Additional Information

CODE	40-AB100HFOEDAU
U.O.M	Bag
Brand	Max Frank
Material	Concrete
Size	100 mm
Pallet Quantity	25
