

Metabo 1400W 50L Class M Wet Dry Vacuum Dust Extractor

Product Images

Short Description

Metabo 1400W 50L Class M Wet Dry Vacuum Dust Extractor. Weighing 21.5kg, it provides a compact and economical solution for wet and dry vacuuming and offers 1400 watt power. Includes 35mm suction hose.

Description

The Metabo 50 litre M Class wet and dry vacuum extractor is ideal for clean up of liquids and dry solids on construction sites in workshops and more. The power socket for a power tool and semi-automatic filter cleaning during breaks ensures easy and practical use for the operator. Supplied with a 4 mere long 35mm diameter suction hose, it weighs 22kg.

Features:

- Compact vacuum cleaner for liquids and dry solids with commercial registration
- For extraction from power tools and to clean construction sites, workshops etc.
- Power socket for a power tool for using the automatic start-up/shut-down of the vacuum cleaner
- SelfClean: semi-automatic filter cleaning during breaks for next use
- High user protection: certified in accordance with EU standard for M class dusts
- Automatic shut-down when vacuuming liquids once the maximum fill level is reached
- Warning signal on shortfall of the minimum volume flow to protect the user
- Automatic trailing mechanism for emptying the suction hose completely
- Antistatic basic equipment prevents static charge when using appropriate accessories
- Cable winding mechanism
- Practical accessory case and storage area

Specifications:

- M Class
- Self Clean
- Auto-Start
- Automatic Shut Down when liquids exceed max fill level
- 4 m x Ø 35mm Hose
- 248 hPa
- Air output max.: 4380 l/min / 157 cfm
- Vacuum: 248 hPa (mbar) / 3.6 psi
- Filter surface: 8600 cm² / 1333 sq.inch
- Container volume: 50 l / 13 gal
- Suction hose Ø: 35 mm / 1 3/8 "
- Power Rating: 1400w
- Corded
- Net Weight: 21.5kg
- Size: 590mm x 410mm x 635mm
