

Masterpac Floor Concrete Cutter with Honda G160, 83kg

Product Images

Short Description

Concrete Cutter with Honda G160 engine. Features a rugged adjustable pointer wheel assembly that is durable and accurate, helping to ensure a straight cut.

Description

The Masterpac floor / road saw concrete cutter has dual blade flanges and a reversible guard, making it ideal for both left hand and right hand cutting. The heavy duty frame protects the Honda GX160 engine during transport, and the super rigid box frame ensures straight cuts and resisting warping and vibration.

Features:

- Dual blade flanges & reversible guard enable right and left hand cutting
- Rugged adjustable pointer wheel assembly is durable and accurate, helping ensure straight cut
- Strong protected frame for easy transportation and protect engine
- Super-rigid box frame ensures straight cuts while resisting warping and vibration - prolongs saw life: extends blade life
- Quality shaft bearings for long service life
- Easy crank for raising/lowering blade depth
- Comfortable grip handles
- Hinged front, lift-up blade guard is designed to provide easy blade replacement
- Saw position guide helps ensure straight cuts
- Water system provides an optimum flow and volume of water to the blade

Specifications:

- Engine Type: Honda GX160
- Power 4.0Kw, 5.5Hp
- Weight: 83kg
- Max.Cutting Depth 9cm
- Blade Size 30-35cm
- Depth Adjustment: Handle Rotation
- Driving mode: Manual Push
- Water Tank Capacity 35L
- Overall length 1560mm
- Overall height 950mm
- Overall width 480mm

Additional Information

CODE	14-PMF14H
U.O.M	Each
Weight	100
Engine Specifications	Honda GX160 engine
Brand	Masterpac
