

# End Roadwork Boxed Edge Sign

## Product Images

---

## Short Description

---

END ROAD WORK Temporary traffic control, this sign is a 900 x 600 mm boxed edge style of sign. This sign is manufactured from weather resistant aluminium and meets Australian standards

## Description

---

Boxed edge temporary traffic control signage. Measuring 900 x 600 mm in size with END ROADWORK in bold black text on a yellow class 1 reflective background. Designed to advise motorists of the end of a road work zone, advising them to obey the normal speed limit. The durable aluminium construction of this sign allows it to be used on-site time and time again.

Jaybro stock over 9000 road signs and have the capacity to custom make signage is a range of materials, styles and sizes.
