
P2 Valved Disposable Respirator, Pack of 10

Product Images

Short Description

Pack of 10 P2 Valved respirators with a conical design. The exhalation valve provides airflow and comfort, and the formed nose piece minimises leaks around the face seal. This dust mask is suitable for grinding, sanding and dusty workplaces and is certified to AS/NZS 1716.

Description

This P2 valved respirator is supplied in a box of 10 and provides protection against mechanically and thermally generated particles. Offering excellent comfort and twin straps for a firm yet comfortable fit, is ideal for sanding, grinding and working in dusty areas on site. A formed nose piece reduces the risk of leaks, whilst the P2 rating and AS/NZS 1716 ensures that you are getting the best level of protection.

Protection against:

- P2 protection
- Mechanically and thermally generated particles

Features:

- Exhalation valve provides increased air flow and comfort
- P2 rating offers protection against mechanically and thermally generated particles
- Pre-formed nose-bridge minimizes the risk of leaks
- Twin straps offer firm comfortable fit
- Suitable for grinding, sanding and dusty workplaces
- Certified to AS/NZS 1716
- Box of 10 Masks
