Product Images

Short Description

V9 vented hard hat made from ABS plastic. Green

Description

The V9 hard hat is vented for wearer comfort and is constructed from a durable and lightweight ABS plastic shell. Featuring 9 air vents for air circulation, it also has a sweat band to prevent perspiration build up. With a 6 point ratcheting harness and extended peak for added protection, this safety helmet is ideal for construction and demolition workers on civil construction and infrastructure sites.

Features:

- Lightweight, durable ABS shell
- 9 air vents for increased air circulation & comfort
- 6 point ratchet harness
- Sweatband prevents perspiration build-up
- Extended peak for added protection
- Edge gutter to deflect rain
- Available in blue, green, orange, yellow, red and white
- Carton Qty: 20
