

Bosch GPL 5 Point Laser

Product Images

Short Description

The Bosch GPL 5 Point Laser is a compact 5-point laser enabling easy transfer of right angles. This self-levelling 5-point horizontal and plumb laser for indoor work offers precise transfer of right angles and reference points from the ground to the ceiling.

Description

Measuring tools from Bosch offer outstanding precision and the greatest ease of use. Due to their robustness, the digital measuring tools guarantee the most accurate results in day-to-day construction site applications – whether it be levelling, measuring distances, angles and inclines, or detecting all different kinds of materials.

The Bosch GPL5 Professional is a very compact 5-point laser for easy transfer of right angles. This self-levelling 5-point horizontal and plumb laser for indoor work offers precise transfer of right angles and reference points from the ground to the ceiling. Enables easy handling due to its very compact size.

Specifications:

- Very compact 5-point laser– for easy transfer of right angles
- Self-levelling 5-point horizontal and plumb laser for indoor work
- For precise transfer of right angles and reference points from the ground to the ceiling
- Easy handling due to its very compact size
- Laser diode: 635 nm, < 1 mW
- Operating temperature: -10 – 40°C
- Storage temperature: -20 – 70°C
- Laser class: 2
- Working range: 30 m
- Accuracy: ± 0.3 mm/m
- Self-levelling range: $\pm 5^\circ$ longitudinal axis, $\pm 3^\circ$ traverse axis
- Levelling time: 4 s
- Dust and splash protection: IP 5X
- Beam diameter: 5 mm on tool
- Power supply: 3 x 1.5 V LR6 (AA)
- Operating time (max.): 24 h
- Tripod thread: 1/4", 5/8"
- Weight, approx.: 0.25 kg
- Projection: 5 points
