

3M Secure Click Half Mask Respirator, Small

Product Images

Short Description

The new 3M Secure Click Half Mask Reusable Respirator HF-800SD Series helps protect workers from particulates and a wide variety of gases and vapours when used with approved 3M Secure Click filters and cartridges. Ideal for traffic controllers and civil contractors, the half face respirator features a speaking diaphragm that enables clear and safe communication on site. Filters sold separately. Size - Small. **Fit testing is available on the HF-800 Range - please contact Jaybro for further information.**

Description

Designed with smart and intuitive features, the 3M Secure Click Half Mask Reusable Respirator HF-800SD Series helps protect workers from particulates and a wide variety of gases and vapours when used with approved 3M™ Secure Click™ filters and cartridges.

Ideal for traffic controllers and civil contractors working in tunnels and similar workplaces, the respirator features a speaking diaphragm that enables clear and safe communication on site, without the need to remove the face piece. This face mask is perfect for workers finding difficulty with communication on site. **Fit testing is available to ensure a complete seal and adequate protection against workplace contaminants. Please contact Jaybro for more information.**

Hear it:

Work with the confidence, provided by the all new Secure Click connection, that filters / cartridges are installed properly. Simply align the connections and push to hear a click.

Check it:

Increase worker confidence that the respirator is being worn properly with the easy, one-touch, user seal check.

Feel it:

Experience the greater breathability and comfort provided by the world's first quad-flow gas and vapour filter/ combination filter system.

Say it:

Utilise the speaking diaphragm designed to help provide easier communication while working.

Features:

- Speaking Diaphragm: Designed to help provide easier communication while working
- Unique Filter & Cartridge Connection: Align the connections and push to hear a click
- Patented Silicone Flex-Joint Faceseal: Provides a softer feel for more comfort on the wearer's face
- Easy-Adjust Buckle: Simple two-way adjustability, pull straps to tighten, squeeze wings to loosen
- Push Button Seal Check: Provides increased worker confidence that the mask is being worn properly
- Better Breathability: Two dual-flow cartridges on each respirator combine four airflow paths for easier breathing
- Exhalation Valve: Helps direct exhaled breath and moisture downward
- Swept Back Filter & Cartridge Design: For compatibility with certain welding and grinding shields
- Available in 3 sizes for an accurate fit

Use with:

- P2 or P3 Particulate Filters
- P2 or P3 Particulate Filters with Nuisance Level Organic Vapour and Acid Gas Protection, and Ozone up to 10 x OEL
