

3M Secure Click Particulate Filter P3 with Organic Vapour Acid Gas, 1 Pair

Product Images

Short Description

P3 Particulate filters with nuisance level organic vapour and acid gas. Designed for use with 3M Secure Click Half Mask Respirators. Supplied as 1 pair.**New range coming soon! Fit testing is available on the HF-800 Secure Click Respirator Range - please contact Jaybro for further information.**

Description

Designed with smart and intuitive features, the 3M Secure Click Half Mask Respirator Series helps protect workers from particulates when used with these 3M™ Secure Click™ P3 OV/AG filters.

Ideal for traffic controllers and civil contractors working in tunnels and similar workplaces, the respirator (sold separately) features a speaking diaphragm that enables clear and safe communication on site, without the need to remove the face piece. This face mask is perfect for workers finding difficulty with communication on site and in difficult situations such as tunnels and underground.

Work with the confidence that filters / cartridges are installed properly - simply align the connections and push to hear a click. Supplied as 1 pair.

Protection against:

- P3 Particulates with Nuisance Level Organic Vapours and Acid Gases

Use with:

- 3M Secure Click Half Mask Respirator
