

ProChoice Maxi Mask Half Face Respirator Spraying Handy Pack - A1P2

Product Images

Short Description

Half face spraying respirator kit from ProChoice. Designed for particulate protection, this kit includes: 1 x Mask, 2 x A1P2 Filters, 5 x pairs of P2 Pre Filters, 1 x Resealable Plastic Box for hygienic storage, & 1 x Reusable Plastic Bag.

Description

The ProChoice handy pack respirator kit is designed for easy protection on the go. Protecting against A1 gas/vapours and P2 particulates, this hygienic face mask and filter kit is certified to AS/NZS 1716:2012 Respiratory Protective Devices. It is ideal for spraying applications.

The mask has a 4 point harness and is made from TPE (Thermoplastic Elastomer) for durability and strength, yet it is also lightweight at only 85 grams. When combined with the P2 filters, it offers strong protection against P2 particulates.

Protection against:

- A1 Gas/Vapours
- P2 particulate protection

Kit includes:

- 1 x Mask
- 2 x A1P2 Filters
- 5 x pairs of P2 Pre Filters
- 1 x Resealable Plastic Box for hygienic storage
- 1 x Reusable Plastic Bag

Features:

- Certified to AS/NZS 1716:2012 Respiratory Protective Devices
- Durable thermoplastic rubber mask for superior fit
- Retro reflective tape for improved wearer visibility
- Enhanced bolstered four point cradle suspension harness for improved load bearing, better fit & comfort
- Low resistance exhalation valve to reduce heat & moisture build up
- Able to be worn under most welding helmets
- Twin filter design provides a more balanced fit, lower breathing resistance & improves field of vision
- Carton Qty: 12 kits
