

ProChoice Maxi Mask Half Face Respirator Chemical Handy Pack - ABEK1P2

Product Images

Short Description

Half face respirator kit from ProChoice. Designed for gas/vapour protection, this kit includes: 1 x Mask, 2 x ABEK1P2 Filters, 5 x pairs of P2 Pre Filters, 1 x Resealable Plastic Box for hygienic storage, & 1 x Reusable Plastic Bag.

Description

The ProChoice handy pack respirator kit is designed for easy protection on the go. Protecting against ABEK1 gas/vapours and P2 particulates, this hygienic face mask and filter kit is certified to AS/NZS 1716:2012 Respiratory Protective Devices. It is ideal for chemical handling applications.

The mask has a 4 point harness and is made from TPE (Thermoplastic Elastomer) for durability and strength, yet it is also lightweight at only 85 grams. When combined with the P2 pre filters, it offers strong protection against gases and vapours commonly emitted from chemicals.

Protection against:

- ABEK1 Gas/Vapours
- P2 particulate protection

Kit includes:

- 1 x Mask
- 2 x ABEK1P2 Filters
- 5 x pairs of P2 Pre Filters
- 1 x Resealable Plastic Box for hygienic storage
- 1 x Reusable Plastic Bag

Features:

- Certified to AS/NZS 1716:2012 Respiratory Protective Devices
- Durable thermoplastic rubber mask for superior fit
- Retro reflective tape for improved wearer visibility
- Enhanced bolstered four point cradle suspension harness for improved load bearing, better fit & comfort
- Low resistance exhalation valve to reduce heat & moisture build up
- Able to be worn under most welding helmets
- Twin filter design provides a more balanced fit, lower breathing resistance & improves field of vision
- Carton Qty: 12 kits
