

Anti-Gawk Screen to suit Trafos Water Filled Barrier

Product Images

Short Description

This anti-gawk screen is purpose designed to suit the Trafos 2000 water filled barriers. The Trafos is perfect for pedestrian delineation, carparks, work sites and cordoning off no-go zones and with the addition of this fence panel, it provides additional security and privacy.

Description

Simple and lightweight to install, the Trafos is a stable and secure barrier made from recyclable polyethylene. When coupled with this anti-gawking screen, it provides additional safety and security. Plus, if you add fence mesh to the gawk screen, you can have an all in one safety, privacy, security and anti-gawking solution. Give Jaybro's Fortress Fencing barrier team a call on 1300 885 364 to discuss anti-gawk screens to suit the Trafos water barrier and other anti-gawking options in our range.
