

Armorgard 6" Castor Kit

Product Images

Short Description

Armorgard Castors CAS

Description

Almost an essential in today's working environment is to have heavy equipment mobile on construction sites. These robust 6" castors with a weight loading of 135kg per wheel are easy to fit with the quick fit fixing kit, using the pre-drilled holes and castor plates. An easy add-on for many armorgard products with forklift skids.
